# KB Group Reservations

Café Kiebêrt is a friendly neighborhood bar that offers a variety of options for groups who have something to celebrate! In the colder months (October until mid-April) we have various indoors possibilities. From mid-April to the end of September, we have outdoor options (but keep a back-up space available indoors in case it rains). For groups on the terrace, the same rules apply as for our private room.

## At The Bar

For groups of 10 up to 40 people, we will generally offer you a spot near the bar, where you will have use of a high table or two, ideal for a relaxed, informal drink with friends or colleagues.

## The Private Room

If you're looking for something a bit more special, we have our gorgeous, cozy private room. Perfect for private dinners or parties to celebrate any kind of special event, our private room is available to hire Tuesday – Sunday, during the day or for the evening.

Our private room is a cozy space, where we can seat up to 20 people around one long table, up to 30 at smaller tables- high or low. For a standing party we have space for up to 60 guests. Our private room features a fireplace and cute décor. You can use our projector and even play your own music through our sound system – you just need a device with an AUX cable (or an HDMI cable for the projector). Just let us know what you'd like to make use of when you confirm your reservation!

## All The Details…

Whether you're looking at a small group in the main bar, or a private party, you can expect the very best of service from our all-star team. Read on to find out what we can offer you!

## Food & Drink

We give you as the host the option to choose from 3 different bar options (please note all drinks are individually added to the bill, we do not offer drinks packages).

- Dutch Bar (just the house beer, house wines, soft drinks and tea or coffee)
- Dutch Bar Plus (everything from the Dutch Bar, with all our speciality beers added)
- Open Bar (with everything on our menu)

One of our team memebers will be responsible for ensuring that you and your guests have a great time, so they will come and take your orders throughout the event. The drinks are then added to your bill. It is possible to hand out tokens to ensure that each of your guests receive an equal number of drinks, if required. These tokens are each worth one drink; the costs are still calculated per our standard menu prices and added to your bill.

Snacks can be ordered from our menu as required on the day itself. We suggest that you allow 20-30 minutes for them to be served from the time of ordering. Of course,

this depends on how busy we are at that moment! We also have two snacks packages that you can order in advance – nice and easy! Just let us know via email if you want a snack-package arranged.

If you are hosting a dinner, we offer a choice of two set groups menus. 2 courses is €38 per person, or 3 courses is €44,90 per person. Our set menu always includes a vegetarian option for each course; vegan and gluten free options are available on request. Our menus are based on a sharing concept.

We also have set menus for groups for lunch!

**Extra Details**
It’s not a party without balloons, right? You are very welcome to bring your own decorations (except for confetti, which is not permitted due to the environmental impact). We would just ask that you please take everything away with you when you leave.

**It doesn’t hurt to ask!**
Do you have any additional questions after reading this information, or is your greatest wish not listed? There are a lot of possibilities, so don't hesitate to ask your question. We are happy to look at the possibilities together.
